

## Farm School

The Farm School organized by Krishi Vigyan Kendra, Upper Subansiri District, under the sponsorship of ATMA, Daporijo, at Baraurupak village under Maro Circle, ended successfully on 24<sup>th</sup> June with an Exposure Visit programme. The Farm School was started in mid April with an aim to improve the knowledge, skill and bring about a change in the attitude of the farmers towards scientific technologies of agri and allied subjects. Ten (10) selected farmers accompanied by the technical staffs of KVK, Upper Subansiri were taken for the Exposure Visit to Instructional Farms of ICAR, NE Region, Basar and KVK, West Siang where they were exposed to live-demonstration units of shade and polyhouses, nurseries of agricultural and horticultural crops, bamboorium, agroforestry and forage crops, mushroom unit, diary, rabbitry, piggery and also the meteorological observatory of the centre. The farmers showed enthusiastic response to all the lectures delivered by the different scientists and Subject Matter Specialists of the centre during the visit.
